(As per Distribution List)

Dear Chief and Council and/or Director:

Re: Funding Services Operations

I am writing to provide you and your communities and organizations information regarding our recent changes in Funding Services Officer portfolio assignments.

We are undergoing organizational changes in Funding Services Program & Partnerships (FSP&P). We have combined the current three operation units into one team. The new structure of FSP&P Operations formally took effect on April 1, 2011. In addition, we are undergoing a staffing process to hire additional Funding Services Officers. In the interim, various Funding Services Officers have been assigned to fill the vacant positions.

For your ease of reference, the revised list of Funding Services Officer assignments is attached. Please note, the communities and organizations impacted by changes are listed in bold in the document. Should you have any questions or require further information, you can reach your Funding Services Officer or their backups at the telephone numbers indicated on the attached document or at the following address:

Funding Services, Programs and Partnerships
British Columbia Region
600 - 1138 Melville Street
VANCOUVER BC V6E 4S3

During this re-profiling exercise, our focus is to minimize disruption to the relationships developed between your communities and Funding Services Officers as well as consideration of geographical and workload distribution.

We are optimistic that these actions will lead to greater quality of service and we look forward to building upon our partnerships with your community and organization.

Sincerely,

Gerry Nantel
Manager, Operations
